SENATE HOLDS UP RESOLUTION FOR MORE MEMBERS

Liberals Move Amendment for
No Increase Till After
Election.

DEADLOCK CAUSES LATER PROROGATION

Tories Request Further Irre-
sponsible Representation
Before Appeal to People.

Ottawa, June 12.—With all arrange-
ments made for prorogation at three
o'clock this afternoon, an unexpected
check to proceedings has been brought
about through a deadlock in the upper
chamber, which caused that body to
adjourn until 2 o'clock this afternoon,
which created consternation among the
members of the government and which
postponed the time of prorogation until
4:30 at least.

The commons this morning resumed
the discussion of the redistribution
measure when Premier Borden accepted
an amendment providing for four
seats for the province of Prince Ed-
ward Island, instead of three, which the
original bill specified. As amended the
bill was given third reading. But the
senate had begun work this morning
before the commons was out of bed for
they had something serious on hand.
It was the resolution of the govern-
ment to the imperial authorities ask-
ing for an amendment to the British
North American act whereby increas-
ed representation should be given the
western provinces in the senate. The
increase of nine members which that
change would bring about would not
be to wipe out the present liberal ma-
jority in the upper house and an ex-
cess to which death has contributed heav-
ily since the government came into
power. When the resolution came on
in committee, Senator Bristow, leader
of the liberal forces in the chamber,
proposed an amendment providing that
the increase in the senatorial repre-
sentation of the west should not take place
until the expiration of the present par-
liament. The amendment would have
the effect of postponing the evil day
for the liberal majority in the senate
until after the next general election.

Prorogation is Deferred.

Hon. Mr. Levesque, leader of the
opposition in the senate, declared
that the government could never ac-
cept that amendment. If the majority
of the senate insisted upon this mod-
ification the redistribution bill had
reached its final stage. At this time,
however, the redistribution bill had
not been passed out of the hands
of the government under the jurisdic-
tion of the senate. It was declared by
Senator Bristow, Bristow and Levesque
and that the upper chamber should
have authority to deal with a measure
which affected the rights of the gov-
ernment. Mr. Levesque maintained that the authority
of the government should predominate
and be reasserted. The situation re-
sulted in a deadlock. The rumor
spread around that the coming of his
royal highness would have to be pos-
tponed and the time of closing set
back. House officials rushed about
in consternation, arrangements were
made for the government house was con-
sidered. The royal highness was con-
fused and there was general
consternation. His Royal Highness
had arrived this morning from Que-
bec, the guard was ready to escort him
to the hill, and the guns of Nepean
Point had been charged ready for the
cheering salute. Formalities were all
ready but they had not reckoned on
the upper chamber. There was an ad-
journing until the members could
get their heads together and the gov-
ernment could consider what to do
under the circumstances. The time

Mrs. ADELE FREED—known on the stage as "Mlle. Valkyrie"—who has become the third bride of Baron von Devitz, shown below.

of prorogation was deferred until 4:30
but it is not yet certain what hour it
will have to be further deferred. It
is possible that the closing ceremonies
will not take place till Saturday.

Another Deadlock Ensnared.

Ottawa, June 12.—The deadlock be-
tween the house of commons and the
senate over the bill to amend the
constitution continued. Last night
at a late hour the commons on the
motion of Hon. L. P. Pelletier, refused
to accept the senate amendments pro-
viding that the rates to be charged
newspapers for transmission through
the mails must be raised by parlia-
ment. This morning the senate fur-
ther amended the bill by providing for
the continuance of the present rates
until such time as parliament can
ratify new rates, and sent the bill back
to the commons. It will be consid-
ered when the house meets this after-
noon.

EVERYTHING LOOKS FINE FOR SPECIAL TRIP TO TORONTO

Huge Time Is Arranged for
Everywhere—Special Thru'
Observation Car.

CHICAGO PREPARES SPLENDID RECEPTION

Luncheons and Auto Drives to
Interesting Points on
Most Programs.

Everything is now ready for the big
On-to-Toronto excursion at the Ed-
monton Industrial association to leave
tomorrow night. It was announced
at the G. T. P. office this morning
that all the compartments, drawing
rooms and lower berths on the train
had been taken and only some of the
upper berths remained. There will be
eight standard sleepers on the train.
The train will call at the Cana-
dian Northern station tomorrow night
at 11:30, having, in addition to the
eight sleepers, a baggage car, two
diners and a special observation car
of the Northern Pacific railway. This
observation car will have a bar, shop,
bath, two card rooms, buffet,
library and writing desk, with valet
service for both ladies and gentlemen.
There will be seating accommodation
inside for 42 people and a special, large
observation platform at the rear, with
room to seat 12. A large rear light
has been specially made for this trip
and will be carried with the car all the
way to Toronto. It will bear the in-
scription, "Edmonton Industrial as-
sociation—Edmonton to Toronto." All
the equipment on the train will be run
right through, with the exception of
the diners, which will be furnished by
the respective lines traveled over.

Winipeg will be reached about 1
p.m. Monday, breakfast being served
on the train, about three meals Sunday.
A big time has been arranged for at the
reg. including a civic reception in the
forenoon, a tour through the exhibit at
the industrial bureau, a luncheon from
2:30 to 3:30 in Assiniboia park, and a
special observation-street car tour of
the city. The train will leave Win-
ipeg via the Northern Pacific at 5:45
p.m. Monday, and arrive in Minne-
apolis at 8:30 a.m. Tuesday, arriving
breakfast on the N. D. line car.
Minneapolis and St. Paul business men
will probably give a joint reception, in
charge of which is W. J. Gilbreath,
passenger agent at St. Paul for the
Grand Trunk system, who will meet
the train at Winipeg and stay with it
at least as far as Chicago. The Min-
neapolis Civic and Commerce associa-
tion will have about 160 autos ready
when the train arrives and will take
the excursionists for an auto ride to
a joint luncheon at the fair grounds.
Between 12 and 1, a luncheon will be
eaten, probably in one of the parks, or
a joint luncheon at the fair grounds,
which is between the twin cities, after
which the crowd will be turned over
to the St. Paul Commercial club, who
will entertain them till 10 p.m. when
the train will leave over the North-
western, diner at Milwaukee.

At every city all along the route
there are receptions, generally lunch-
luncheons and auto rides. Milwaukee
will be reached at 8:30 Wednesday morn-
ing, breakfast being served on the
Northwestern, diner at 11:45. The
train will proceed south to Racine,
where another short stop will be made,
and Chicago will be before the eyes
of the multitude at 3 p.m.

The windy city has arranged one of
the most elaborate entertainments
of the whole trip. The association of
Commerce of that place will give the
Edmontonians a 45-mile auto ride
through some of the parks and other
points of interest, and a three-hour
banquet afterwards in the great La
Salle hotel.

East of Chicago the Grand Trunk
will be used and there are stops at

WILLIAM WHEELER FREQUENTLY MADE ROUND OF HOUSES

Eugene Barrett, Chauffeur, Tells of Driving Manager of Dominion
Club to Various Resorts—Mrs. "Billy" Morton, Handsomely
Dressed Person, Rented Whole Block on Kinistino, Taking
Year's Lease from John M. Hazar—Invested Six Hundred
Dollars in Furniture and Thought She Would Be Able to Carry
on Without Interruption—French Woman, Mignon Durand,
Says She Was Warned on May 22nd She Had Better Close
Up—Thinks Police Sent Warning

Some of the features of the testimony given at the police investigation today were the
calling of two women who kept houses of ill-fame and a chauffeur who had had a large trade
at night in driving men to reputed houses in various parts of the city.

Mrs. Billy Morton, a handsomely dressed, good-looking woman, testified that she under-
stood there were three or four hundred houses in the city, a large number of which had re-
cently opened up, so that she thought she could go into the business on a large scale. The
witness secured a lease on a brick block on Kinistino with some 24 rooms. She paid \$175 a
month rent and took a year's lease, thinking she would be able to carry on for that length of
time. She had been in the city three years constantly and had been receiving men all that
time.

She leased these premises from John M. L. Lazar. One of the clauses in the lease was
that she was not to use them for any immoral purpose.

Mignon Durand said that on the 22 and 23 of last month a 'phone message came, telling
her that she "had better close up," as a lot of houses had been raided, and her turn might come
next. She thought the message was from the police. Detective Seymour had visited her at
another time "with a commission to tell her to close." She had been told by girls that she
would have to pay protection money, but had not been asked for any.

Eugene Barrett, a chauffeur, stated that he had frequently driven William Wheeler, of
the Dominion Club, when he was making a round of resorts on Kinistino and Namayo. This
witness told of numerous disorderly houses where he had driven patrons.

At the resumption of the inquiry after luncheon several members of the police force were
called in order that they might be recognized by one of the witnesses who said the police had
called upon her at different times.

A staff of court reporters was in at-
tendance, arrangements having been
made to take down every word of the
proceedings. A rather unusual sight
was provided by the presence of a
photographer, with a large camera
trained upon the judicial bench and
baristers' tables. Prominent citizens
who occupied seats in the reserved
portion of the court included Alex
Stuart, K.C., Dr. W. A. Hiddell, who
has taken part in the social survey of
the city; Dr. J. H. Riddell, president of
Alberta College; Rev. Stewart, of Hol-
liston church; T. H. Miller, president of
the Edmonton Temperance and Moral
Reform league; C. A. Grant, K.C., Ad-
Shepard and others.

Chief Detective Nicholson of the
provincial police and Sergeant Schute
of the city police force were present
among the public occupying seats at
the back of the court.

As soon as all the available seats
had been filled, a policeman expelled
the remainder of the crowd seeking ad-
mission. Later, however, the space
was taken up by prominent citizens.

Protect Witnesses.

Justice Scott, in taking his seat upon
the bench, announced that it was
unnecessary for him to state further
the object of the inquiry. All he could
do was to state that he was ready to
consider any evidence that was ad-
duced before him. No witness need
refuse to testify in regard to any fact
on account of any statements that
might tend to incriminate him. Such
witnesses would be protected to the
extent of the law in any statements
that they might make. As such state-
ments would not be used against them
in any other proceedings.

GOVERNMENT STEAMER MONTMAGNY, REPORTED LOST, ARRIVES SAFELY

Thursday at the luncheon of the as-
sociation and made such a good im-
pression that Manager W. J. Stark, of
the Exhibition association, hired them
on the spot to open this summer's fair

weeks ago only two of the 43 boys in
his band could play an instrument.

A CUT IN NET PROFITS OF RAILWAYS.

A careful summary of the results obtained in the western freight rate cases before the Railway Commission show that Alberta and Saskatchewan will profit very materially by the reductions that have been secured. M. K. Cowan, K.C., the eminent Toronto barrister, was retained by two provinces and accomplished very good work by his representations to the commission.

The outstanding feature of the changes made is the reduction to the Manitoba scale of the rates for Alberta and Saskatchewan and the formation of one zone, extending from Port Arthur to the foothills, in which the rates will be on the same basis. This result is very gratifying, especially in view of the fact that the Manitoba rates were in most cases considerably lower than the rates in force in Alberta and Saskatchewan. The rates in some cases were even lower in Manitoba than in eastern Canada and wherever this was the case Alberta and Saskatchewan were successful in getting the Manitoba rate. The following request, made on behalf of Alberta and Saskatchewan, was granted in full:

The cancellation of the present standard mileage tariff in Alberta and Saskatchewan and the substitution of the Manitoba standard mileage tariff and that whatever reductions are made in the Manitoba scale shall also be made in Alberta and Saskatchewan, so that there will be absolute uniformity in the provinces of Manitoba, Saskatchewan and Alberta.

The rates were 7 1/2 per cent. higher in Alberta and Saskatchewan than in Manitoba on the same class of commodity handled in the same way. The reduction therefore will come directly out of the net profits of the railways. As it is generally conceded that in the handling of railway traffic it costs from 67 to 70 cents to earn \$1.00 and that out of the remaining 30 to 33 cents interest, dividends and taxes have to be paid, the effect of a cut of 7 1/2 per cent. in net profits is considerable. It is only right, according to the natural features of the country that the three prairie provinces should be placed on the same footing in regard to railway rates. This equality will be a basis for the people of the west to fight for further privileges as the opportunity arises.

While rates on grain and dairy produce were reduced it is regrettable that the board did not see its way to grant reductions in the rates on live stock in Alberta and Saskatchewan. The C.P.R. claimed that they had already made considerable reductions on live stock, but it was shown that the reduction in several years past on a 1,000 pound steer being shipped from Calgary to Winnipeg had not amounted to 40 cents. The farmers should have the assistance of the city and provincial authorities as well as of the packing houses in demanding that easier rates for this rapidly increasing industry be granted.

PREMIUM UPON INDISCRETION BY DEPOSITORS.

The Senate, which has, among a certain section of the people at any rate, shared with the proverbial door nail the reputation of being the dearest thing on earth, has lately sprung into prominence by the six months' hoist given to the Farmers' Bank Bill and its treatment of other legislation sent up from the House of Commons. During the past few days the party lines in the Senate have been frequently broken. Liberals and Conservatives voting in the same lobby without distinction of party.

On the Farmers' Bank legislation the Senate did what Michael Clark, the eloquent member for Red Deer hoped it would do, when he expressed the "hope that the Senate, as at present constituted, will add to the number of grounds which it has for the gratitude of this country by saving the nation from what is nothing less than an act of political burglary." Government supporters of the measure urged in its defense that it was introduced to fulfill an election promise made to the people of Ontario. As an electioneering proposition the bill was no doubt a powerful weapon for Ontario Conservatives, but it is hardly credible that elsewhere in the country an act which proposed to tax the whole people in order to benefit a section of the people in the province of Ontario could be looked upon with anything except disapproval.

The principle of the bill was a vicious precedent. In the words of the member for Red Deer, it was a "premium upon indiscretion upon the part of depositors" who had been tempted by the promise of an additional one per cent. interest to put their money into an unsound concern. If such a principle was established the people who invested their money—and lost—in various speculative enterprises throughout the country would have the right, in view of the precedent in the Farmers' Bank Bill, to come to the Government of the country and ask to be reimbursed.

SOME DAY, PERHAPS, AN UNSINKABLE SHIP.

A non-sinkable ship can be made alright, declares a marine expert, but it would be useless either for freight or passengers. The same authority admits that he thought the Titanic unsinkable but found he was mistaken. The last word has not yet been said in shipbuilding, however, and we may have the unsinkable ship before another decade, and a ship that will be useful for both passengers and freight.

The Adventures of Kathlyn

By Harold McGrath.

SYNOPSIS OF PREVIOUS CHAPTERS.

Kathlyn Hale, believing her father, Col. Hale, in 1911, has summoned her, leaves her home in California to go to him in the Yukon. Unlabeled, pretending to be the colonel, passed by the late king as his daughter, because the king's daughter must insist on her royal rights. Upon her arrival in the Yukon, she is told by Unlabeled that her father is dead and that she is the queen of the Yukon. It is arranged, the central figure of which is Kathlyn's protesting grief (stricken). When the crown is placed upon her head Unlabeled announces that she is to be married to him, but as Kathlyn's liberty and spirit have made a strong appeal to the people he pleads the point for the time being. print announces that no woman may rule the Yukon, but because the young queen is not content with the laws of the state she will be given seven days to decide.

When Kathlyn reiterates, at the expiration of the week of grace, her refusal to marry Unlabeled, she is taken to the supreme tribunal that she is to undergo two ordeals with wild animals. If she survives she is to be permitted to rule without limit.

Through the pluck and resourcefulness of John Bruce, an American and fellow passenger on the boat which brought Kathlyn to the Yukon, she comes to her assistance, she escapes unharmed from the two ordeals.

She escapes and she is directed to the jungle, only to fall into the hands of a pack of wild animals. She is taken to Unlabeled, who, further her escape, throws her into the dungeon with her father.

Kathlyn and her friends effect the release of John Bruce, an American and fellow passenger on the boat which brought Kathlyn to the Yukon. She comes to her assistance, she escapes unharmed from the two ordeals.

NEARING END OF 3,200-MILE AUTO TRIP TO COAST

Len Sinclair of Gananogue, Ont., Makes Interesting Tour in Cadillac.

ARRIVED IN EDMONTON WITHOUT ANY MISHAP

Can See the Crops Grow, He Says—Jaunt Through Mountains to Vancouver.

Having completed 3,200 miles of a 3,200-mile automobile trip from the far east of Ontario to Vancouver, Len Sinclair, of Gananogue, Ont., arrived in the city last evening in his powerful Cadillac touring car and in staying here a few days, owing to the terrible condition of the roads, he is expected to complete the last lap of the long tour.

Mr. Sinclair's first daily last night when he arrived was to make straight for the C.P.R. telegraph office and send a message to his mother back east, saying that he had arrived safely and everything was O.K., and having a good time. It was exactly one month ago today that he left his home at the head of Lake Ontario, and has been traveling ever since, resting in the city and westward.

The trip has been made in easy stages, averaging 100 miles per day. For the first part of the trip a great distance than this was made over 20 hours, especially on the run from Toronto to Chicago, but working his way north and westward, he gradually became more and more experienced along the way.

From Chicago to Milwaukee, to St. Paul was the route traveled, and from Minneapolis to Winnipeg, passing through all the towns and cities of size and importance. The hardest part of the trip, according to Mr. Sinclair, was from Winnipeg west to Edmonton, and in some places encountered, automobilism was almost impossible.

The trip from Edmonton to Vancouver, Mr. Sinclair expects to make in about 10 days, going by way of Calgary and through the mountains, but says he is sure to encounter many difficulties en route. No better opportunity was ever had to appreciate closely viewing the crop situation throughout the prairie provinces than to Mr. Sinclair on his way from Winnipeg. Since the recent rainfall he says the grain can almost be seen growing, and that the every acre of wheat land throughout Alberta, Manitoba and Saskatchewan could not have a more prosperous appearance at this time of the year.

IN THE PARLOR CAR

Railway and Shipping News

Electricity is now used as motive power by many railways in certain places, and they may come a time when, in Alberta at least, it may be used, but it seems that so long as coal is the fuel there must always be smoke, as, according to Charles E. Van Schick, a smoke expert employed by the New York Central line, the smoke nuisance is as old as crime and sin and is not much nearer being eliminated than it was when the first prosecutions were made against offenders in the thirteenth century in England on the personal instructions of King Edward the First.

This is what he told the railway commission at Ottawa recently, when the board asked representatives of the different railways why certain regulations drafted by officials of the board designed to obviate the nuisance by compelling them to equip all locomotives with smoke consuming devices, etc., should be enforced.

After some discussion, during which several objections were made by officials of the C.P.R., Grand Trunk, Canadian Northern, W. L. Best, of the brotherhood of Locomotive Firemen, and Charles E. Lawrence, of the brotherhood of Locomotive Engineers, the board decided to allow regulations of the railways and of the board to confer with the object of refracting the regulations which the railway officials and Messrs. Best and Lawrence held were too drastic. The board was assured by the railway officials that they were anxious to obviate the nuisance.

During the fiscal year 1913, 299 railways in the United States operating a total of 144,000 miles of combined railroads of the United Kingdom, Germany, France and Italy, went through a serious financial crisis. The railways operated between them 12,500 passenger trains. During the year 1913, the railways referred to carried a total of 45,500,458 passengers, an aggregate distance of 14,400,000,000 miles and 764,958 tons of freight a total of 141,700,237,000 miles. This means that almost one-half of the entire railway traffic of the United States for the year was carried without one passenger being killed in an accident to a train.

"When Mr. Walnwright approached the various railway officials, he found that he was never refused anything he asked, for he never made a request that was not in accord with public good and in the best interests of Canada."

This was one of the tributes paid to the late senior vice-president of the Grand Trunk, whose funeral in Montreal last month was made the occasion of a remarkable demonstration of the regard in which the veteran railway man was held not only by his colleagues in railway enterprises but by the business world in general.

The speaker was James McShane, who has himself played a prominent part in public life during the last half century.

"I knew Mr. Walnwright and had watched his work since his arrival in Canada," continued Mr. McShane. "His passing is not alone the Grand Trunk's loss—it is a national loss. I have seen in the old days Mr. Walnwright's railway proposals opposed by lobbies which did not seem to me to emerge successful, no matter what the opposition. Unanimous and with no pretensions, his sterling honesty of nature, his grasp of facts and retentive memory made him a man of the men of his generation. His death will leave a gap but his memory is one that all who knew him will cherish."

Steamer arrivals are reported as follows: Quebec—Tyrolia, London; Sicilian, London.

As to the Grand Trunk Pacific, W. P. Hinton, who recently made a trip to the coast, says that it is getting a gratifying amount of business. "We will, by next spring, have the line in good shape for giving a high class and unexcelled service. Our cars are running now; we have a Pullman parlor car; and the people of Prince Rupert are on the way for the moment when the trains will start and start from that northern city. And, by the way, prices in Prince Rupert never slumped. The people are full of courage; the buildings are being built; the city is growing and independent, so to say, the people are eager to take up and settle on it."

The behavior of British Columbia there are 400 square miles of the most fertile land you could desire. That is a great thing. The Indians are being a better affair; but progress is being made.

Many people are missing the morning train to Calgary on the C.P.R. on account of the recent change in time. Under the old schedule the train, which connects at Calgary with the Spokane River, left here at 8 a.m., but now it leaves at 7:30. This train also makes a connection at Calgary with the Vancouver express, so that a person leaving here at 7:30 in the morning reaches the coast at 8:45 the next night.

The motive power department of the Grand Trunk railway in Montreal has heard with regret of the death of one of its oldest employees. This was Mr. John McMillan, who had a record of 69 years continuous service for the company. He started work for William Cowan, who was contractor for the Grand Trunk on Chaudiere bridge, in 1845. He was then sent to Weston, from there to Stratford, Guilford and Breslau. He then entered the locomotive shop in 1856; going from there to Stratford, then to London, and from London to 1939, where he remained until 1903, when the shops were moved to Stratford tunnel. He worked at Stratford until April 30, 1903, when he was retired on pension fund.

G. S. Jelycia, Canadian Northern steamship ticket agent at Winnipeg, is in the city today. He reports that steamship business is thriving on the Royal line.

Notice most live stores carry Holeproof Hose—
 The best stores in Canada sell Holeproof Hose simply for these reasons:
 The style is perfect, they are made in all weights, and six pairs are guaranteed to wear six months without holes or you get new hose free.

We pay an average of 74¢ per pound for the yarn in Holeproof. Common yarn sells for 32¢. But ours is the finest yarn obtainable.

WILLIAM WHEEHER FREQUENTLY MADE ROUND OF HOUSES

(Continued)

and he went back to Lewis Bros. Cafe.

Mr. Bigger: "Were there any other occasions on which you drove Wheeler?"

Witness said he had driven Wheeler for a couple of weeks at a time when he was on the drunk. He had on these occasions taken in "all the houses on Kinistino, including Mrs. Endie's, Billy Morgan's and Carman's."

Mr. Bigger pressed witness to recall other houses and remarked: "If I wanted to know where these houses were situated I could not think of any more black people than the driver of a taxi at night." Witness replied laughingly, "Evidently other people thought so too."

Witness also recalled one other place in the west end on Jasper, but he could not place it to save his life.

"Billy" Mortan Testifies.

Something of a sensation occurred when Mr. Bigger said: "Call Billy Mortan."

The crowd craned their necks to see "Billy," who appeared fashionably dressed in black with a black hat to match and exhaled delicious perfumes in the stuffy court house. She was a pretty woman with brown eyes and black hair.

Mrs. Mortan said she had a place on Kinistino just north of the Savoy hotel. She leased the premises and went in on May last. She produced the lease which Mr. Bigger read, stating that it was from John M. Lann, and dated 23rd April 1914.

She rented the place at \$175 per month. The lease contained one of its clauses that "the lessee shall not carry on any offensive or immoral business." The building was a brick block with a shop on the ground floor. She sublet the shop to some men whom she thought were Greeks. Witness had four or five rooms and the whole upstairs. She came to Edmonton three years ago. For a while she lived in a cottage on N. Mayo. She stayed there several months. She had also roomed at the Waverley rooming house on Queens. She also had a cottage on Fifth, north of Jasper. She was also at 450 Fraser avenue, moving there from a cottage on Ottawa avenue. She had been continuously in town for three years.

Why She Moved.

"Why did you move from the Fifth street cottage?" asked Mr. Bigger. "At the request of the landlord," replied Mrs. Mortan, "I was there several months."

"Why did you move from 450 Fraser?"

"There was a vegetable product company beneath me and the odor made me sick, so I made up my mind to move; and then the landlady wanted me to move."

"Had you any girls with you at 450 Fraser?"

"Yes, I had two."

"And at your recent premises?"

"I had four."

Witness said on Fifth street there was another girl in with her. On Ottawa avenue she was alone.

Knew Police Force.

"Did you know any members of the police force?"

At the request in a low voice and

at the spoke of Mr. Bigger she

changed her seat from the witness box

to the platform in the rear of the

witness box. "Did you know members of the

military squad?"

Witness: "I knew Mr. Coleman and Mr.

Campbell."

"Did any of them ever come to your house?"

"I think Mr. Campbell came to my

place on Fraser avenue about the time

of the trouble with Blanche Harpo."

"What was the occasion?"

"He came to subpoena me. There

was an elderly gentleman came up to

me to arrest Mr. Harpo."

"Those were the only times the

police were in your place?"

"Yes."

Purchased Liquor.

"Where were you buying your liquor

during the last six months?"

"I changed around to different

places."

"Were you ever asked by anybody to

pay any money?"

"No."

"For protection?"

"No."

"Did you succeed in carrying on a

place for three years, without paying

for protection?"

"I don't really carry on any place

till I moved to my present premises. I

did not have particular friends."

"Did you buy the furniture?"

"Yes."

"How much did you pay?"

"I don't know. I bought it on

credit from the person who was

carrying it on. I think she carried it

on as a strictly rooming house. I

don't think she catered to any lady

roomers at all."

"Did you have men in the house?"

"Yes."

Hundreds of Houses.

Mr. Bigger: "I am instructed that you

were made the statement that you were

not afraid of being interfered with by

the police."

"I don't remember making such a

statement."

"You were putting a lot of money

into the place, how did you calculate

to get it out?"

"Well, I knew there were other places

running and I thought I could do the

same."

Witness said "May" had a place on

the opposite side of Kinistino and

"May" was another place called "En-

dian."

"That was not much information on

which to base an investment?"

"Well, I thought there were about

four or five hundred houses all over

the town."

Wide Open Town.

"How long had that condition

lasted?"

"I don't know. I commenced to hear

before I got."

"It was about then that the town be-

came to get the reputation of being

wide open?"

"Yes, then that I began to hear

about it."

"You began to hear it from the

people visiting you?"

"Yes."

"Did you figure out how the change

was happening?"

"I never stopped to think about

that."

"What did you think?"

"I thought I had better commence to

look for a place."

"I see that was a sort of wild stock

speculation, and you thought you had

better get in on it?"

"Yes."

"Where did you buy your liquor in

the last month?"

"From the old Seal Liquor store and

other places. I sent for it in small

quantities."

"So you cannot tell us anything

about this wide open condition?"

"No."

Witness said she usually sent a man

with a grip for the liquor and some

times ordered it to be sent over. She

was charged wholesale prices.

Thought It Was Safe.

In reply to further questions, witness

said she thought that the rent of

\$115 per month was reasonable con-

sidering that she had two stores. The

stores would bring the rent down quite

reasonably.

You thought you could quite safely

use a year's lease?

"I thought so."

In answer to Mr. Bigger witness said

there were 15 or 20 rooms on the

second floor. She got \$40 per month

for the store which was let. The rooms

let for \$15 to \$16 per week.

Mr. Bigger said that if witness had

all rooms rented she would have \$400

or \$450 per month.

Witness also said she had a lease on

the Namyay avenue premises.

Another Witness.

Mignon Durand said she lived at 115

Boyle street and had been there one

week. Before that she lived at the

corner of Kinistino and Rice street.

months ago from Edmonton and Fort

EDMONTON STORE BANKRUPT STOCK

James Ramsey Limited Se-
cures Goods From Receiv-
ers Montreal Firm.

FAILURE CAUSES BIG SURPRISE DOWN EAST

Local Concern One of Few
With Big Enough Output
to Handle.

An Edmonton firm, James Ramsey, limited, has just completed one of the largest and most successful merchandise deals ever taken in the west—a time—a deal in which the firm was working in competition with the financial empire of goods at the dominion.

The old established Montreal wholesale drygoods firm of Brophy, Hurd and Hodges passed into receivers' hands, during the recent money stringency and Edmonton's big first street department store secured the entire stock at 40 cents on the dollar.

The firm of Brophy, Hurd and Hodges was one of the well known and earliest established concerns and its inability to weather the financial crisis of the past year caused many surprises among the wholesale and jobbing people of the east.

The business of the firm was always characterized by the high quality of merchandise handled—in fact, they did not sell the cheaper grades of goods at all.

When it was announced that the stock would be sold, Mr. Ramsey, one of the very few merchants who were in a position to make an offer, or act cash as a prerequisite of the transaction, and the ability to handle the entire stock was another thing which he was well equipped to do.

The big Edmonton store is one of the few in Canada that has a large enough outlet to successfully handle such big deals.

Y.W.C.A. DELEGATES PRESENTED TO KING AND QUEEN SWEDEN

Stockholm, June 12.—The international congress of the Young Women's Christian association began yesterday with a banquet given by the King and Queen of Sweden. The principal delegates were personally presented to the royal couple.

At the congress, representing 21 countries, they attended a banquet Thursday evening at the Hotel de Ville. The delegates were welcomed by representatives of the National Union of Women Workers and the women's Christian temperance association and kindred societies.

TURKISH REGULARS WITH MACHINE GUNS, ATTACKING GREEKS

London, June 12.—An official despatch from Smyrna, an island off the coast of Asia Minor, states that Turkish regulars, with machine guns and a force of Bash-i-Basouks today attacked an attack on the town of Alivani, on the coast of Malazgirt. As the town is inhabited by 25,000 Greeks, a massacre is feared.

George, who formerly lived here a long time ago.

Witness was a French woman and she was a difficult case to handle. Occasionally she spoke in French to Mr. Bigger, who interpreted in English.

After a while she gave all the evidence in French, Mr. Landry acting as interpreter.

She had heard talk from the girls that she would get her something like a house open, but no one ever visited her about that. She had three French girls named Madeleine, Lucile and May.

Regarding Protection.

"I am told that someone came to your house and asked for \$100?"

"I don't remember that."

"Did you tell anybody that someone had asked you for that?"

"I might have said something like that and been misunderstood, because I don't speak English very well."

Witness further stated that she understood that there was someone who would come. "I was expecting someone, but I was not sure."

"Why did you expect that?"

"Because I heard it rumored among others heard it rumored. What I said was that if anybody did come I would turn him over."

"Do you remember to whom you turned him over?"

"Yes, I have no recollection."

Given Warning.

Witness said that a man came to her with a detective and she gave him some home. She was arrested on a balcony.

"Did anyone tell you that you had better close?"

"Yes, I had a telephone message."

"Was it a man?"

"Yes, he said there had been a whole lot of houses closed up and my time might come shortly."

"Who was that?"

"I asked who it was, but the voice did not say who it was."

"What conjecture did you form?"

"I thought it was someone from the police."

Told Her to Close.

"Do you know any members of the police force?"

"Yes, I know Mr. Seymour. He told me to close up on the 22nd or 23rd. I closed the same night. He said he had a commission to tell me to close."

ONE OF THE BEST CROPS IN QUALITY AND QUANTITY EXPECTED RESULT RAIN

Calgary, June 12.—That the down-pour of the past few days is much needed though it had been, has entirely changed the complexion of the agricultural situation in Alberta, is evident from a perusal of the reports received from many widely separated points throughout the province.

In practically every case farmers are reported as greatly changed in spirit over the timely arrival of copious showers, though in one or two instances it is stated that there is need for more water. With the clouds about, however, it is expected that even these localities will before long receive ample rainfall. Since the advent of the rain, the growth has been very rapid and the outlook now is not only very encouraging, but promises well for one of the best crops in quality and quantity ever raised in Alberta.

COMMITTEES MEET TO-NIGHT TO POST CAMPAIGN WORKERS FOR THE FUND FOR Y. W. C. A.

The good word comes from Miss Perry, in charge of the local Y. W. C. A. that already interest is waxing great in the special fund-raising campaign planned, really not to start until Monday next.

Apart from the splendid response at the board of trade luncheon, on Tuesday, numerous other sums have been contributed and in connection therewith, a tidy new list of honorary members added to the "Y. W. C. A." Even strangers are being reached, gentlemen passing through the city on business, being urged to give from the pulpit by a local rector and gladly contributed his share to the cause of the fund which will help the city before the canvass really commences in earnest.

Fifty dollars have been sent by a group of gentlemen, also, for all of which the Y. W. C. A. desires to extend thanks.

Plans for the canvass among the ladies have been almost completed. Preliminary letters have been written by the president of the "Y" soliciting the assistance of all ladies written.

This letter will be followed by a personal call by some member of the workers' staff and it is expected that much support will be received from the ladies from whom such is requested.

In the allotting of work for the campaign which will be carried on in ladies' circles, the names of persons to be interviewed have been divided into groups of ten. Membership committees and its helpers will act as "captains" a lieutenant as well being appointed for each group. In this way the whole campaign will be following a system. It has been felt that this individual appeal among old members of the Y. W. C. A. will be more effective than a general district canvass.

At the meeting to be held in the "Y" tonight, the consumption of all plans will be laid before the members. The endeavor will be that every division of the downtown district shall be carefully covered, giving every business man opportunity to assist materially toward the raising of the grand total at which the campaign is aimed.

All are welcome at tonight's meeting.

RUSSELL ALLOWS ONLY FOUR HITS BUT QUAKERS WIN IN THE NINTH

Harleyettes Make Clean Sweep of the Series—Pitcher's Battle Between Russell and Cadreau Was Best Game of Season—Neither Team Scored Till Last Inning—Cadreau Four for Seven Hits—Score Was 2 to 1.

The best game of the season was staged at Diamond Park last evening at 6:30 between the league leaders and tail-enders. And the latter deserved to win and should have, but they didn't. Pitcher Lefty Russell was on the pinnacle for the Eskimos and heaved a great game for the entire game, allowing but four hits. His opponent, Chief Cadreau, was found for seven. Right up to the last inning there was not a run scored, but in that inning the visitors got two across to the Eskimos' one.

Russell's Good Work.
Russell was at his best and pitched a great game. He had six strike-outs and passed but three. Cadreau fanned eight and walked one. These two pitchers faced each other at the opening game this season, and on that day, as yesterday, the Quakers won. Russell had things all his own way until the ninth stanza, with the exception of a scratch hit by Wilson in the fifth inning. From then on the Quakers went out in short order. If not by the strike-out route, then by the superb fielding of the locals, for the Eskimo outfielders certainly did themselves proud in that respect. Williams especially, in right field, as he pulled down six big hits, one of which was of the difficult variety.

Left on Base.
The Eskimos looked like a real baseball team, and for a little hard luck in the ninth should have won the game. Several times did they threaten scoring. In the seventh, with the bases full, Russell struck out, and again in the eighth two died on base. In the fifth Cadreau was left on second, and it was not until the ninth that Lemieux brought the lone run over.

Cowley Looks Good.
A new Eskimo was on hand, Cowley by name. His playing at second was all to the merry, and at last likewise. This is his first experience in pro ball and he was slightly worked up, but out of three times up he had a single, and a sacrifice, and also stole a base. He accepted five chances around second without an error.
He hit a neat two-bagger in the first inning, but Williams, who followed him was the third out. Again in the second Nordyke struck and was sacrificed to second by Matts, but Lemieux popped to Walters, and the side retired. In the fifth, Cowley singled over second and stole a base on a good slide, but Matts fanned. Lemieux popped to Walters and Russell struck out. And then in the seventh the locals gathered three hits, but no run resulted. Nordyke singled through third and Cowley sacrificed, and Nordyke got to third when Matts singled through that base. Lemieux held down a bump to Cadreau and held safe, and the bases were full. The pitcher was up, however, and the test

MAD HATTERS WIN SLUGGING MATCH FROM MOOSE JAW

Score Was 8 to 7 in Last Game of Series—Umpire Wheeler in Charge.

Medicine Hat, June 12.—Medicine Hat took the last of the series from Moose Jaw last night, 8 to 7, after a game marked by brilliant playing in spots and some wild booting in others. Both teams hit well, but good fielding off runners. Moore, Caruso and Giddings of the locals pulled off four double plays. Moore had a good day at bat, getting four hits and five times up. Manager Weed led the visitors with three out of four times up. Medicine Hat jumped into the lead in the first with two runs on two singles, a double and an error. Four singles and two errors gave Moose Jaw four in the third inning. Medicine Hat got one each in the third, fourth and fifth and three in the sixth on two hits, an error and a hit batsman. The visitors made a great rally in the eighth on three hits, two walks and an error. The Lind tightened after forcing in the seventh run and retired the side with three men on bases. Knutson, who umpired the first season the Western Canada league was in existence, snatched a victory yesterday. He had been working in the Northwestern league. Score: Moose Jaw 7, Medicine Hat 8. Batters—Concannon, Harrah and Wally; Lind and Mills.

WINNIPEG TRIMS FT. WILLIAM 7-4

Canucks Were In the Lead Till Ninth But House Dropped a Fly.

Fort William, June 12.—In an 11-inning game, the most sensational ever played here, the stars defeated the Canucks last night. A large crowd watched the uphill fight and were kept on edge throughout by sensational fielding and batting. After playing marvellous ball for three days the Canucks did come back and looked like winners up to the ninth, when House dropped Kirkham's fly, allowing the visitors to score. Score: Ft. William 7, Winnipeg 4. Batters—Thomson, Toiy and Kurke; Wadell and Chapman.

JAILED IF CAUGHT TAKING PICTURES OF BALLY GOLFERS

London, June 12.—Basing their action on the ground that golfers are not nervous individuals and that the mere sight of a moving picture camera is sufficient to upset their mental equilibrium, the British amateur golf association has issued a new ruling that hereafter "movie" operators will be regarded as trespassers and jailed if they attempt to film any match.

This autocratic pronouncement followed the arrest and expulsion of an enterprising movie man. It was not until the operator slipped by the officials at the entrance to the Sandwich course and used his camera at the first tee that he was caught.

Then an imposing squad of policemen escorted him to the neighboring railway station, put him aboard a London bound train, and told him he would be arrested if he attempted to return.

The Canadian government has decreed that an herd of wild horses which has terrorized western Alberta.

Gleichen, Alta., June 12.—Ernest Penby, of Edmonton, defeated Walter Anderson, of Gleichen, heavyweight champion wrestler of Alberta here last night, first fall in two minutes, 35 seconds; second, fall in two minutes.

Umpire Nelson Located.

Baseball fans in general, at least in the west, have been wondering where last week's disappeared, as he failed to put in an appearance at Saskatoon for the games there. When he arrived in Saskatoon a telegram was waiting for him there, informing him of the death of his young son at his home in South Dakota, having been kicked on the head by a horse, and he left immediately for his home. Whether he will return or not is not definitely known.

won; Frank Fletcher, second; Elmer Sampson, third. Time—missing.

The part-mutuals paid better on the last day than throughout the race meet, one ticket winning \$34.20 on Alpha, the second race and another \$2 ticket winning \$70.00 in the first heat of the \$2.25. The weather was ideal and the crowd thoroughly enjoyed the afternoon sport.

BRONCHOS WERE LUCKY AND BEAT RED SOX 5 TO 4

Came From Behind in the Eighth and Hard Bating Won the Game.

Calgary, June 12.—In the third consecutive game in which the same way the Calgary team defeated the Regina contenders by a single tally. The visitors had outbatted and outfielded the local team, but luck was with the Bronks. Reese had the home team at his mercy for the first five innings, permitting but no hits. In the sixth, however, with two men out, the Calgary team scored on two strikes and a triple. In the eighth they came from behind and by hard batting won the contest. Kuhn, the new catcher for the team, played right field.

There are two ways of running a Tailoring Establishment

One way is to make clothes at several prices and make big profits on occasional customers. The other way is to specialize on one price, make the best clothes it is possible to produce at that price—better than any body else can make for the same money—and give the satisfaction that will induce your customers to come back for more clothes.

The proof that we are giving the greatest value in Canada is the volume of business we do.

And the reason we do the big business and have the fastest growing tailoring establishment in Canada is because our customers recommend us.

Ask the men who order their clothes at Tip Top Tailors what they think of us.

Remember, all our clothes are made by skilled union tailors under clean healthful conditions.

OUR GUARANTEE

We absolutely guarantee our clothes to be all wool, to prove satisfactory in fit, style, and service. If for any reason they fail to give satisfaction, favor us with the privilege of refunding you \$15.00.

Mail Orders—We make quickly and fit perfectly. Write for self-measurement form and samples.

DOMINION KENNEL CLUB RULES WILL GOVERN DOG SHOW AT EXHIBITION

Can't Use Inside of Exhibition Track for Athletic Purposes This Year
—W. J. Clements Will Conduct Riding School in Stock Pavilion
—Hotelkeepers' Stake for Exhibition Races.

That the dog show in connection with the coming summer exhibition held under the rules of the Dominion Kennel club, was the decision of the directors of the Dominion association at a meeting held in the Exhibition offices on Wednesday, June 16.

A deputation from the Capital City Kennel club asking that this year's dog show be conducted under the rules of the Dominion Kennel club, which has headquarters in Toronto, was heard, but on deliberation it was finally decided to follow the example of other large exhibitions, such as Winnipeg, Vancouver and Calgary, and stand by the Dominion Kennel club at Winnipeg.

J. H. Lambert was granted permission to conduct a riding school in the stock pavilion on the exhibition grounds. The board of directors felt that this was a proposition deserving of their support, since it will promote interest in the show ring of the different events planned by the association, by affording would-be horsemen and horsewomen an opportunity of obtaining correct training in the equestrian art. Mr. Lambert has engaged W. J. Clements, formerly of Durham's riding academy, New York, as riding master.

A communication was read from the secretary of the Alberta Ladies Dog Alliance, asking that no work be done on the exhibition grounds on the Sunday preceding the opening of the exhibition. The directors prevent any unnecessary labor on that day, though there is no work of any nature, such as the unloading of live stock which may arrive late Saturday night, or on Sunday, which must be attended to.

With regard to a request received from City Park Commissioner Harrison, in which he asked for information in connection with the use of the exhibition grounds for athletic purposes, the executive committee reported that the board of directors had been advised during the present year, particularly in view of the large amount of rain which has recently fallen.

Manager W. J. Stark announced that H. W. Ormrod, who has very acceptably filled the position of chief clerk since March of last year, had arranged to sever his connection with the association, and that Alex. Bonneau, had been engaged to succeed Mr. Ormrod, and his connection with the exhibition association cannot fail to be beneficial to his interests.

Instructions were given the manager to write the president of the Hotelkeepers' association, asking for their guarantee of the Hotelkeepers' stake for the summer exhibition.

BRITISH POLOISTS SCORED A VICTORY OVER STATES TEAM

Hempstead, N.Y., June 12.—By a total of 8 to 4, the challenging British poloists scored a victory yesterday over what is considered the second strongest team in the United States. The challengers played somewhat uncharacteristically, showing brilliant work only in spots, due probably to the accident that befell Captain Leslie Cheape last Sunday when he was struck on the nose by a polo ball. He played throughout the game today, however.

On the English team were Tom Kinnear, George Barrett and Leckie. Opposing them were C. C. Rimey, C. P. Peabody, Malcolm Stevenson and J. W. Webb.

Yesterday's match closed both English and American teams practice. Only light exercise will be taken today.

Kansas City, June 12.—(Federal)—Four hits in the sixth yesterday gave Buffalo three runs and a victory over the Kansas City team. Manager Stovall, batting for Packard in the ninth, hit a homer over the left field fence.

Games for Tonight.
In the senior division, the Atlas and Red Sox play at the South Side, and the Lancers and the City Dairies on the grounds of the last-named club. In the intermediate division the Bulldogs and the Knights of Columbus clash at the golf links, while at the other diamond the athletes and the Mics play.

Imports Fine Spianis.
Charles Wilson, the genial doorman at the Palladium theater, yesterday received from New York a shipment of two St. Charles spianis. The animals are very rare in the area, and this is probably the first shipment to Edmonton. Mr. Wilson, who is a breeder and dealer in these animals, will specialize in these animals.

G.T.P. vs. Eddie Pres.
The following team will represent the G.T.P. in an intermediate league game with the Eddie Pres. on the south side grounds Saturday, June 12, at 7:15 p.m.: Rowe, Malcolm, Christie, A. Williamson, Kirkup, Scudland, R. Williamson, Ferguson, Nixon, Munson and Leven. Players and spectators are asked to meet at the local freight offices at 6:15 p.m.

International League.
The International league race is squaring away to mid-season form. Buffalo, Rochester and Baltimore are up there, and, barring accidents, should be there or thereabouts at the finish. They look the best, and what is more to the point, have struck their stride.

Pieces of lemon, tied on for several nights in succession, often will remove scurf.

SWIFTS DEFEAT SONS OF SCOTLAND BY 2 TO 1 SCORE

The Sons of Scotland football team were defeated last evening at North Edmonton by Swifts senior team 2 to 1. The game was close all the way and play about even. Referee Caldwell was in charge. All goals were scored in the first half. Cuff secured the first for the winners when he secured from a free kick for a goal and then through the line for a counter. The second goal soon followed when Spierdregast put the lightning through after the northers had been pressing for some time. The Scots' tally was shot by Davis when he secured after Fairburn had made a good save of Grieve's shot.

Neither team was at full strength, for the full time, and the line-ups were not representative. The teams lined up as follows:

S. O. S.	Position	Swifts
Fairbairn	Goal	Dunn
Bache		Bowater
Craig		Moffatt

Munn		Stockdale
Lord		McCurdy
Hamilton		Spierdregast

HINTS TO MOTORISTS

You will sidestep lots of trouble by having an expert who understands your make of car examine your car at least once each month for beginning faults. There are many little wrongs that may cause big troubles if not discovered and checked.

It is said that when a motor is working perfectly, it has a hum that is made to the ear of the driver. One of the first things the motorist should cultivate is the ear to detect the slightest protest from his engine. The best way is to examine yourself the sound of the engine when it is running right, then you will immediately detect the least wrong when it occurs.

When applying a blowout patch to a tire casing, one must be taken care that the patch completely covers the lesion, with a good margin of overlap all around. To insure the patch remaining in place after the tube has been inserted and inflated a good scheme is to apply the former to the tube, rather than to the casing, after partially inflating it, and to secure it in place by means of a piece of light string. The patch will then "dry with" the tube and if properly laid into the casing will work perfectly. The string may break when inflation is completed, but if light enough will not chafe the tube. Rubberized or cemented patches, of course, require no such precaution.

Many methods of keeping tire tubes soft have been tried, but the simplest appears to be that of placing them in hot water, about once every month. Motorists who have tried this plan are greatly in favor of it, and they claim that it keeps the rubber in excellent condition. The tubes should be left in water only about 10 minutes. Another way to prevent the deterioration of the rubber is to use a solution of turpentine and alcohol. The turpentine should be poured into the tube, and when the mixture is applied to the tube the alcohol will evaporate.

Few, even those who drive frequently at night, appreciate the importance of keeping the lens, mirrors and front glass of motor lounge clean. A greasy or a dingy surface, such as follows one or two evening's driving, absorbs a considerable percentage of the light by far the least and handiest thing to clean the lens mirrors is a mixture of equal parts of alcohol and water; a 50 cent cent. solution evaporates more slowly than pure alcohol, thereby giving time to wipe the glass clean.

Free Suit

and seven other prizes given away tomorrow night at D. Shugarman's Squeeze-out Sale. Are you in on this? It is not a picked suit; one that probably will not fit you, or the style or color not to your taste. No! You have the choice of any suit in the store. Of course this is not a money-making proposition for us, but just a pleasant little way of calling your attention to the fact that our \$30,000 stock of high-grade men's wear is on sale at ridiculously low prices. Frankly we would not do this if we could avoid it, but we must needs get money, and get it quick. However, that does not affect the wonderful values we are giving on all lines. Just let us show you how we can stretch your dollars.

Yesterday's Major League Results

St. Louis, June 12.—(Federal)—Knaster yesterday left St. Louis' bats scattered in all but two innings, while his team-mates pounded Crutcher hard in two innings, Pittsburgh winning from St. Louis 7 to 3.

Chicago, June 12.—(Federal)—Judge Carpenter yesterday overruled the demand of the Federal baseball league to the suit for \$25,000 damages brought by the Philadelphia National league club because of the desertion of Doolin, Staton, Knabe and Brennon to the new organization.

The defendants were given 60 days in which to answer the suit and a similar time was allowed them in the injunction proceedings brought by the Philadelphia Nationals to restrain the Federal league from taking any more players from them.

Cleveland, June 12.—(American)—Steen's brilliant pitching enabled the Naps to shut out Philadelphia yesterday 3 to 0 and break a losing streak of six games.

Chicago, June 12.—(American)—An eighth inning battering rally after two men were out yesterday gave Washington a 4 to 2 victory over Chicago and checked the winning streak of the locals. It was reported that Manager Griffith had asked waivers on pitcher Cashion.

Detroit, June 12.—(American)—In a splendid pitching duel between Doolin and Foster, Detroit won from Boston, 2 to 1 yesterday. Detroit made seven 2 to 1 yesterday. Detroit made seven Tigers' hits figured in the scoring and Hooper's double in the fifth brought Foster home with the visitors' lone tally. Cobb was not feeling well and stayed out of the game.

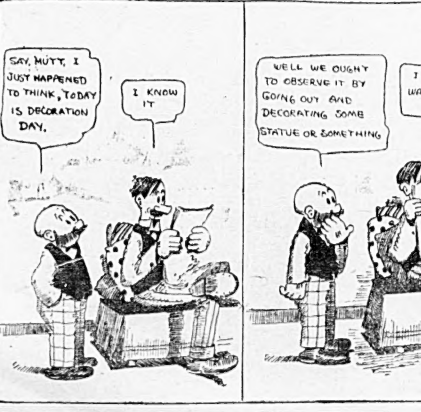

New York, June 12.—(National)—Chicago made it one place in the series with New York, the visitors won yesterday's game 7 to 4. The champions fielded poorly behind Mathewson, dropped throw at the plate by Myers putting Chicago in the way of scoring a total of five runs in the sixth inning. Four cheap hits, a wild pitch by Mathewson, a pass and a fumble by Snodgrass were the features.

St. Louis, June 12.—(American)—St. Louis' bunched hits in the sixth and scored two runs, enough to win the second game of the series from New York, 2 to 1.

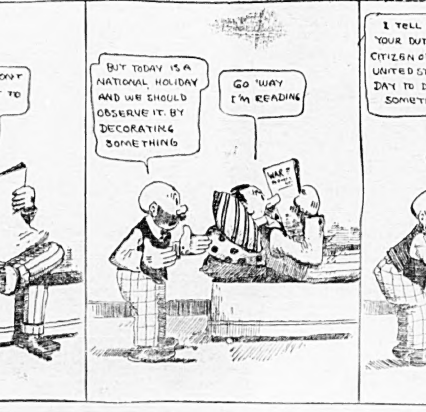

Chicago, June 12.—(Federal)—Brooklyn made it three out of five from Chicago by winning the final of the series, 3 to 2 yesterday. The visitors' hit Hendrix hard, but St. Louis was in good form. He struck out 11 of the locals.

Manager Tinker was in the game for the first time since illness forced him to take a rest.
